

UNITED STATES NAVY

MEDICAL NEWS LETTER

Rear Admiral Bartholomew W. Hogan MC USN - Surgeon General
Captain Leslie B. Marshall MC USN (RET) - Editor

INDEX

Volume 31, Numbers 1 - 12
3 January through 20 June 1958

- ABDOMEN**, nonpenetrating injuries of, 3:18
Abruptio placentae, management of, 1:9
Accident investigation kit, flight surgeon's, 8:27
Adenoids and hearing loss in children, 11:19
Adrenalectomy, oral operative procedures in, 5:19
Aero Medical Association Meeting, March 1958, 4:40, 8:38
Africa, eye diseases in, 8:2
Airman's Medical Certificate, CAA Second Class, preparing SF-88 for, 12:38
AMA
 Council on Dental Service, hospitals approved by, 12:27
 meeting in San Francisco, nuclear weapons, radiation hazards and injuries, et cetera, June 1958, 9:31
American Board of Obstetrics and Gynecology, applications for certification, 8:18
Aminopyrine, value of, 9:3
Anemia, management of iron deficiency, 5:3
Anesthesia, acute glutethimide (Doriden) poisoning, 11:17
Anesthesiology
 carbon dioxide absorbing agents, 10:22
 short course in, 6:29
 succinylcholine in cardiovascular surgery, 1:15
Antarctica
 the Dental Corps in, 4:15
 international physiology expedition, dental member of, 3:32
Antibiotic
 residues in food, 5:39
 sensitivity testing, 2:4
Anticoagulant therapy, long-term, 1:18
Aortic arch, buckling of, 5:13
Arrhythmias, occurrence of in acute myocardial infarctions, 9:5
Ascites in liver disease, 6:7
Atomic medicine, training programs in, 5:28
Aviation
 emergency air access A-13 oxygen mask-seat kit regulator assembly (7160-71811), 12:39
 medical aspects of a cold weather survival trial, RCAF Oct. 1957, 8:38
 Medicine Division's report to the field (summary of functions), 4:30
 transverse acceleration of subjects immersed in water (7216-71712), 12:40
 "Who's on First?" 12:39
BACTERIA, new names for old, 3:33
Benefits, Federal, available to veterans and their dependents, (booklet), 11:33
Biliary enteric fistula, 1:5
Biochemical research, ONR, 7:20
Biological research, ONR, 6:25
Biopsy
 liver, clinical and investigative uses of, 5:14
 parietal pleural needle, 9:16
Blood
 donor centers, orange juice for, 12:25
 leukemia as a dental problem, 1:11
 long-term anticoagulant therapy, 1:18
 lupus erythematosus, systemic - complex autoimmune disorder? 10:11
 management of iron deficiency anemia, 5:3
 pressure in white people over sixty-five, 7:3
 procurement, storage and utilization, course in for NC officers (NNMC), 5:29
 transfusions in connection with excessive oozing in surgery, 2:16
Blood (continued)
 procurement, storage and utilization, course in for NC officers (NNMC), 5:29
 transfusions in connection with excessive oozing in surgery, 2:16
Board Certifications
 inactive Reserve officers, 12:24
 oral surgery 10:29
 periodontology, 9:28
Bone and joint
 diseases, sporotrichosis, 2:6
 Osgood-Schlatter Lesion, radiological and histological study, 11:3
 surgery, recurrent dislocation of the patella, 10:16
 swayback syndrome, 9:17
Boron
 hydrides, toxicity of, 7:19
 hydride, (Borane) intoxication in man, 6:19
British views on underwater swimming and diving, 3:30
Bronchi, mucoid infection of, 3:6
Bronchial flora, antibiotic sensitivity testing of, 2:4
Buckling of the aortic arch, 5:13
Burns
 electrical, of upper extremities, 4:8
 mass casualties, initial treatment of (hospital facilities under disaster conditions), 3:20
CAA SECOND CLASS AIRMAN'S Medical certificate
 preparing SF-88 for, 12:38
Cancer
 bladder, of the, supervoltage therapy in, 5:17
 carcinoma of the thyroid, 3:14
 cytology in gastric, 12:7
 Hodgkin's disease treated by irradiation, 4:5
 leukemia as a dental problem, 1:11
 lung, of the, combined therapy for, 8:14
 malignant melanomas, combined surgical and radiotherapeutic approach, 12:19
 metastatic carcinoma of the neck, study of, 9:15
 oral manifestations of leukemia, 12:11
 treatment of malignant effusions with radioactive colloidal gold - review of 66 cases, 11:5
 trends in chemotherapy of, 6:16
 tumors of the anterior mediastinum, 12:5
Carbon
 dioxide absorbing agents, 10:22
 monoxide hazard from indoor use of propane fueled fork lift trucks, evaluation of, 6:24
Carcinoma
 lung, of the, combined therapy for, 7:14
 neck, of the, metastatic, 9:15
Cardiology
 arrhythmias in acute myocardial infarctions, occurrence of, 9:5
 digitalis intoxication, 2:6
 diuretic action of chlorothiazide in treatment of edema, 6:13
 electrocardiographic misinterpretation, clinical implications of, observations of T-Wave abnormalities, 9:7
 estrogen replacement therapy in women with coronary atherosclerosis, 4:11

Note: Figures indicate Number and Page in Volume 31. For example, **ABDOMEN**, nonpenetrating injuries of, 3:18, indicates that this item may be found in Vol. 31, No. 3, Page 18.

Cardiology (continued)

- infective endocarditis, problems in management of, 8:6
- neostrophingic mobilization, maximal reconstitution of stenotic mitral valve by, (rehinging of septal leaflet), 12:13
- succinylcholine in cardiovascular surgery, 1:15
- Casualties at military training centers due to heat, controlling of, 11:21

Chemotherapy in cancer, trends in, 6:16

Chest

- eradication of tuberculosis, 6:9
- farmer's lung, a form of pneumoconiosis, due to organic dusts, 5:6
- hamartoma of the lung, 4:7
- home care in "open-negative" syndrome after patient's discharge from hospital, 11:7
- industrial diseases of, 6:21
- minimal pulmonary tuberculosis in military personnel, World War II, 1:34
- mucoid infection of the bronchi, 3:6
- occurrence of arrhythmias in acute myocardial infarctions, 9:5
- Parietal pleural needle biopsy, 9:16
- ristocetin in treatment of hospital-acquired staphylococcal pneumonia, 4:13
- roentgen therapy and nitrogen mustard combined in carcinoma of the lung compared to other methods, 7:14
- silicotuberculosis, treatment of, 2:29

Chlorine, residual in water distribution systems ashore, 10:37

Circulation

- heparin therapy in embolism, 6:5
- peripheral arterial occlusive disease, 10:14
- sympathectomy for Raynaud's phenomenon, 5:10
- Civilian physicians to conduct physical examinations of inactive NR, 9:26

Class "A" School training for hospital corpsmen, 6:35

Clinic, dental, administration of, correspondence course, (NavPers 10789), 11:31

Clinical applications of radioisotopes, 12:2

Cockroach control in Naval hospitals, 9:36, 10:32, 11:34

Cold

- water immersion (Aviation Medicine), 12:36
- weather medicine, ice crystal formation in tissues, 1:20
- weather survival trial, medical aspects of, RCAF, 8:38

College degrees, MSC officers advanced standing toward, 8:16

Colloidal gold, treatment of malignant effusions with, review of 66 cases, 11:5

Coma, hepatic, 10:8

Communicable diseases, revised General Order #20, (psittacine birds), 1:37

Contrast media for excretory urography, 7:13

Coronary atherosclerosis, estrogen replacement in, 4:11

Correspondence course, revised, insect and rodent control (NavPers 10705-A), 9:30

Courses creditable for inactive Reserve officers, promotion point requirements, 1:31

Credits for courses, Watch Your Mailing Date! 11:34

Cytology in gastric cancer, location and type, 12:7

DENTAL

- care in the Navy, number of procedures, etc. 12:27
- change of entries on SF 603, 5:34

Dental (continued)

- clinic at Long Beach, 3:33
- Corps at Antarctica, 4:15
- Corps training films, 6:33
- correspondence course, administration of clinic, 11:31
- graduate and postgraduate training for Regular and Reserve officers on active duty, 2:35
- intern training in Naval hospitals, 8:24
- interns, standard assignment schedules for, 2:36
- member of Inphexan (Antarctica), 3:32
- leukemia as a problem, 1:11
- Manual of Medical Dept., Chap. 6., 5:34
- officers selected for long courses of training, 8:23
- paper towels, medical stock list FSN-8540-299-8765, 9:27
- prosthetic laboratory procedures, work authorizations for, 4:28
- radioisotope branch established, 3:32
- records, disposition of, 8:22
- service, AMA Council approves Naval hospitals for, 12:27
- service report, errors in, 8:22
- training for inactive officers, NDS, 7:27
- veterans' treatment, 4:29

Dentistry

- oral manifestations of leukemia, 12:11
- topical application of sodium fluoride, 9:27

Dermatology

- dermatitis, poison ivy, 6:2, 9:22
- sporotrichosis, 2:6

Diaphragm, esophageal hiatus hernia of, 2:12

Digitalis intoxication, 2:2

Diuretic action of chlorothiazide in treatment of edema, 6:13

Diving and swimming

- activity in Japan, 2:32
- British views on underwater activities, 3:30
- Is the Valsalva Maneuver Safe? 7:25
- recompression chamber at Sasebo, Japan, 9:28
- repetitive dives, 4:23
- scuba divers, underwater communications for, 6:40

Drownings, accidental, 7:39

Duodenal ulcer, surgical treatment of, 2:14

ELECTRICAL BURNS of upper extremities, 4:8

Elective induction of labor, hazards of, 8:12

Electrocardiographic misinterpretation in observations of T-Wave abnormalities, 9:7

Embolism during heparin therapy, arterial, 6:5

Emergency air access A-13 oxygen mask-seat kit regulator assembly, 12:39

Endocarditis, infective, problems in management of, 7:6

Endometriosis, progestins in treatment of, 7:17

Ensign

- Medical Program (Reserve), 7:29
- Medical Program, summer training in Research clerkships and clinical clerkships, 10:30

Entomology, military, active duty and Reserve, NNMC, 8:24

Epidemiology

- bacteria, new names for old, 3:33
- corticotropin, prompt and effective response to, 7:11
- mosquito problem in Pearl Harbor area, 3:38
- quarantine, what happened to? 9:31

Equen magnet in removal of foreign bodies, 1:13

Esophageal hiatus hernia of the diaphragm, 2:12

Estrogen replacement therapy in women with coronary atherosclerosis, 4:11

Excretory urography, contrast media for, 7:13

Eye diseases in Africa, 8:2

- FACILITIES for medical treatment, Naval, 6:24
 Farmer's lung, a form of pneumoconiosis due to organic dusts, 5:6
 Fires and explosions, death toll from, 2:29
 Flight Surgeon's accident investigation kit, suggestions wanted, 8:27
 Food
 antibiotic residues in, 5:39
 service management course, (Cornell Univ.), 3:25
 service management, hospital (NavPers 10767), 4:27
 "Fools" - recommendation for discontinuance of mass chest x-ray examinations, 10:23
 Foreign bodies, magnetic removal of, 1:13
 Fractures of proximal phalanges of fingers, 1:7

 GASTRIC CANCER, cytology, location, pathologic type, 12:7
 Gastroenterology, nontropical sprue, diagnosis, therapy, 8:5
 Geriatrics, blood pressure in white people over sixty-five, 7:3
 Glutethimide (Doriden) poisoning, acute, use of Bemegride (Megimide) and Hemodialysis, 11:17
 Gold, colloidal, treatment of malignant effusions, review of 66 cases, 11:5
 Graduate and postgraduate training for Regular and Reserve officers on active duty, 2:35
 Granulomatosis, necrotizing, noninfectious, 8:9

 HAMARTOMA of the lung, 4:7
 Hazards of diagnostic radiology (British Med. J.), 6:14
 HC Division 4-2 officially activated (Pittsburgh), 3:29
 Heat casualties at military training centers, 11:21
 Heparin therapy in embolism arterial, 6:5
 Hepatic
 coma, 10:8
 function in patients receiving promazine, 11:9
 Hernia, esophageal hiatus of diaphragm, 2:12
 Highway Patrol, N. C. compliments Field Medical Service School, Camp Lejeune, 4:18
 Historical Fund of the Navy Medical Department, 1:2, 3:2, 5:2, 7:2, 9:2, 11:2
 Hodgkin's disease treated by irradiation, 4:5
 Hygiene, technical, in occupational health, 1:23
 Hypothyroidism
 findings in alleged and true types, 3:10
 and parkinsonism, relationship of, 8:7

 ICE CRYSTALS, formation in tissues, 1:20
 Idiopathic jaundice, chronic, 8:9
 Immersion, cold water (Aviation Medicine), 12:36
 Immunology
 immunization of infants with poliomyelitis vaccine, 7:37
 tetanus in the United States, 3:3
 IN MEMORIAM, 1:25, 5:31, 10:25
 Inactive Reservists, course in disease vector and economic pest control, 5:38
 Industrial Health Conferences
 Atlantic City, N. J., 10:21
 Milwaukee, Wis., 5:27
 Infection lurks in the Janitor's closet, review of housekeeping in hospitals, 12:19
 Infective endocarditis, problems in management of, 7:6
 Insect and Rodent Control, correspondence course, (NavPers 10705-A), 9:30
 Insects and insecticides, cockroach control in Naval hospitals, 9:36, 10:32, 11:34
 Instructions, BuMed
 11330.1A-Fluoride content of communal water supplies at military installations, 1:28

 Instructions, BuMed (continued)
 1520.2E-Graduate and postgraduate training of officers of Dental Corps and Naval Reserve on active duty, 1:28
 6000.1 - Health and medical facilities and services, joint utilization of, 1:29
 11240.2A-Ambulances and special vehicles, requirements for, 3:28
 6700.13B-Dental materials for Naval vessels, 3:28
 6230.8B -Immunization, poliomyelitis vaccine, 8:15
 6400.1 - Amyotrophic lateral sclerosis, study by NIH 9:25
 5100.2 - Footwear, protective, 9:25
 11110.3-Construction programs and data required in justification of, 12:26
 12230.2-Retirement planning and preparation, program for civilians, 12:26
 Iron deficiency anemia, management of, 5:3

 JAUNDICE, chronic idiopathic, 7:9

 KIDNEY
 nephrotic syndrome in adults, 10:10
 tubular necrosis in infancy and childhood, 9:11

 LABOR, hazards of elective induction, 8:12
 Leukemia
 dental problem, as a, 1:11
 oral manifestations of, 12:11
 Little America Station, Antarctica, 2:18
 Liver
 biliary enteric fistula, 1:5
 biopsy, clinical and investigative uses of, 5:14
 disease, ascites in, mechanisms, and therapeutic control, 6:7
 hepatic coma, 10:8
 hepatic function in patients receiving promazine, 11:9
 idiopathic jaundice, 7:9
 Lung, combined therapy for carcinoma of, 7:14
 Lupus erythematosus, systemic a complex auto-immune disorder? 10:11
 Lymphedema of arms and legs, 3:16

 MAGNETIC REMOVAL of foreign bodies, 1:13
 Malignant
 effusions treated with radioactive gold, review of 66 cases, 11:5
 melanomas, combined surgical and radiotherapeutic approach, 12:19
 Mammalian bites of children, survey of 617 children, 11:39
 Manson's schistosomiasis, pathogenesis in, 3:8
 Mass casualties, management of, resulting from ABC warfare, 11:26
 Mediastinum, tumors of the anterior, 12:5
 Medical
 and dental research, ONR, 3:20
 dental television observation system, 4:16
 treatment facilities, types of, 6:24
 uses of radioisotopes, 2:29
 Melanomas, malignant, combined surgical and radiotherapeutic approach, 12:19
 Metal fume fever, 2:28
 Metastatic carcinoma of the neck, 9:15
 Microbiology research, ONR, 8:18
 Microwave frequencies, determination of power density of, 2:22
 Miliary tuberculosis, review of 68 adult patients in a municipal general hospital, 10:5

Military medicine, AMA meeting, S. F., nuclear medicine, radiation effects, 9:31
Milk, antibiotic residues in, 5:39
Modern warfare and civil disaster program, 12th ND, 10:30
Morbidity indices (Navy Medical Statistics), 10:18
Mosquito problem in Pearl Harbor area, 3:38

MSC
appointment opportunities for HC, 4:17
officers advanced standing toward college degrees, 8:16

Mucoid impaction of the bronchi, 3:6

Muscular dystrophy, diagnosis and treatment, 2:9

NATIONAL Resources Conferences, Industrial College of Armed Forces, 4 locations (available to Reserve officers) 6:34

Necrosis, acute, tubular in infancy and childhood, 9:11

Necrotizing granulomatosis, noninfectious, 8:9

Neonatal tuberculosis, 9:13

Neostrophing mobilization (rehinging the septal leaflet) 12:13

Nephrotic syndrome in adults, 10:10

Nonpenetrating injuries of the abdomen, 3:18

Nontropical sprue, diagnosis and therapy, 8:5

Note Book The, 1:25, 2:30, 3:26, 4:21, 5:32, 6:29, 7:23 8:20, 9:22, 10:25, 11:26, 12:22

Notices, BuMed

10390-electrical distribution systems, outmoded, survey of, 3:27

6260 -microwave (radar) health hazards, precautions for prevention of, 9:25

6010 -ward data record and night report cards, 9:26

6710 -pharmaceutical items, control of high-priced, standard, and nonstandard, 12:25

Nuclear warfare, use of conventional x-ray film in, 11:14

Nurse Corps Career Horizon, course in radiation, 11:25

OBSTETRICS and Gynecology

abruptio placentae, management of, 1:9

hazards of elective induction of labor, 8:12

newer progestins in treatment of endometriosis, 7:17

seminar, NNMCM, 5:30

Tuberculosis in the neonatal period, 9:13

Occupational health

technical hygiene in, 1:23

Who's on First? (monoxide poisoning in aviators) 12:39

Occupational medicine

boron hydride (Borane) intoxication in man, 6:19 course, NYU, 9:21

Dispensary Division established, 1:20

farmer's lung, a form of pneumoconiosis due to organic dusts, 5:6

Industrial diseases of the chest, 6:21

metal fume fever, 2:28

notes on 18th annual congress of industrial health, 5:27

specialization in, 9:19

toxicity of boron hydrides, 7:19

tuberculosis in and out of industry, 2:39

Officer school courses, inactive Reserve, creditable, 2:33

Oozing, excessive in surgical patients, 2:15

Open-Negative syndrome, home care of patient after discharge from hospital, 11:7

Operation Build-Up (Dental Corps), 1:31, 5:35

Ophthalmology

annual congress of American Optometric Assn. 11:32

Ophthalmology (continued)

exposure of eyes to soldering fumes, 3:19

eye diseases in Africa, 8:2

ptosis, study of, 12:9

Optometric Assn. annual congress, 11:32

Oral manifestations of leukemia, 12:11

Orange juice for blood donor centers, 12:25

Osgood-Schlatter Lesion, a radiological and histological study, 11:32

Otolaryngology, adenoids and hearing loss in children, 11:19

PAPER TOWELS in medical stock list, dental, FSN, -8540-299-8765, 9:27

Parietal pleural needle biopsy, 9:16

Parkinsonism and hyperthyroidism, relationship of, 8:7

Parkinson's disease, treatment of, 4:2

Patella, recurrent dislocation of, 10:16

Pathogenesis in Manson's schistosomiasis, 3:8

Pay-status participation in Reserve Medical Program, 5:37

Pediatrics

acute tubular necrosis in infancy and childhood, 9:11

hearing loss in children due to adenoids, 11:19

immunization of infants with poliomyelitis vaccine, 7:37

thumb and finger sucking, 11:11

trichinosis, prompt and effective response to corticotropin, 7:11

Pennsylvania Graduate School, changes in curricula, 5:28

Peripheral arterial occlusive disease, acute arterial occlusion, 10:14

Pest control

reverse rat burrows (Yokohama), 6:37

shipboard, training in 10:37

Pharmacy technique, applicants desired for instruction, 8:17

Photofluorographic interpretation, course in, 1:40

Physical medicine

in general practice, (NavPers 10735), 3:29

rehabilitation, and, 2:24

Pleural needle biopsy, parietal, 9:16

Pneumonia, staphylococcal, ristocetin in treatment of hospital acquired, 4:13

Point credit for attending obstetrics and gynecology seminar, NNMCM, 8:25

Points, promotion, Reserve, some questions and answers, 8:26

Poison

control centers, 5:21

ivy dermatitis, an experimental study, 6:3, 9:22

Poisoning

acute glutethimide (Doriden) poisoning, 11:17

boron hydride (Borane) intoxication in man, 6:19

carbon monoxide hazard from indoor use of propane-fueled fork lift trucks, 6:24

fish of edible species, from, 10:2

Poliomyelitis vaccine, immunization of infants, 7:37

Power density, determination of at microwave frequencies, (Rome Air Development Center), 2:22

Preventive medicine course (NavPers 10703) withdrawn for revision 6 May 1958, 11:33

Professional fitness for promotion of officers (MD), 11:30

Progestins, newer, in treatment of endometriosis, 7:17

Promazine, hepatic function in patients receiving, 11:9

Prosthetic laboratory procedures, work authorizations for, dental, 4:28

Psychological aspects of survival and the seven enemies of, (Aviation Medicine), 12:30

Ptosis, study and analysis of 142 cases, 12:9

Public health, tetanus in the U. S., 3:3

- Pulmonary**
 nodule, solitary circumscribed, 3:35
 tuberculosis in military personnel, World War II, 1:34
- QUARANTINE**
 regulations, revised General Order #20, (psittacine birds on MSTs and MAT craft), 1:37
 What Has Happened to? (WHO), 9:31
- RADIATION**
 biological hazards: determination of power density at microwave frequencies, 2:22
 hazards, 1:3
 malignant effusions treated with radioactive colloidal gold, 11:5
 use of conventional x-ray film in nuclear warfare, possibilities and limitations of, 11:14
- Radiobiology course, Reed College, Portland, Ore., 6:28**
- Radioisotopes**
 clinical applications of, 12:2
 medical use of, 2:29
- Radiology**
 comparative evaluation of the newer contrast media for excretory urography, 7:13
 Hodgkin's disease treated by irradiation, 4:5
 medical use of radioisotopes, 2:29
 NDS establishes radioisotope branch, 3:32
 noninfectious necrotizing granulomatosis, 8:9
 photofluorographic interpretation, 1:40
 roentgen therapy and nitrogen mustard combined in carcinoma of the lung compared to other methods, 7:14
- Rating, changes in DT, 5:35**
- Recompression chamber at Sasebo, Japan (Submarine Medicine), 9:28**
- Rehabilitation and physical medicine, 2:24**
- Research**
 biochemical, ONR, 7:20
 recent reports, 3:23, 5:30, 6:31, 10:27, 11:26
- Retirement**
 points, a word to Reserves on earning of, 2:35
 Reserve non-disability, 4:25
- Reverse rat burrows (Yokohama), 6:37**
- Ristocetin in treatment of hospital-acquired staphylococcal pneumonia, 4:13**
- Roentgenology**
 hamartoma of the lung, 4:7
 malignant melanomas, a combined surgical and radiotherapeutic approach, 12:19
 swayback syndrome, 9:17
- SAFETY**
 accidental drownings (advice from Dept of Health, Va., 7:39
 check, 10 points in, 6:39
 death toll from fires and explosions, 2:39
 hazards of diagnostic radiology, 6:14
 highway patrol compliments Field Medical Service School (Camp Lejeune), 4:18
 Know-Obey Program for traffic safety, 1:37
 mammalian bites of children, rules of discipline, 11:39
 metal fume fever, 2:28
 radiation hazards, 1:3
 tips to vacationers, 10:40
- Sanitation, general**
 infection lurks in the janitor's closet, review of house-keeping in hospitals, 12:19
 water pollution control, course in, Taft Engineering Center, 11:32
- Schistosomiasis, pathogenesis in Manson's, 3:8**
- Scuba divers, underwater communications for, 6:40**
- Shipboard pests control training course, 10:37**
- "Signs of Life" - traffic safety know-obey program, 1:37**
- Silicotuberculosis, treatment of, 2:29**
- Sodium fluoride, topical application of, 9:27**
- Soldering fumes, exposure of eyes to, 3:19**
- Space medicine branch of Aero Med. Assn., membership in, 5:30**
- Special treatment and care, centers for, 4:19**
- Sporotrichosis, report of 23 cases in upper extremity, 2:6**
- Sprue, nontropical, diagnosis and therapy, 8:5**
- Standard Form 603, change of entries (Dental), 5:34**
- Staphylococci, ubiquitous nature of human infections, control by antimicrobial agents, 5:8**
- Stenotic mitral valve, reconstitution by neostrophingic mobilization (rehinging of septal leaflet), 12:13**
- Submarine**
 medicine course, applications solicited, 2:33
 physical examinations, 8:15
- Succinylcholine in cardiovascular surgery, 1:15**
- Supervoltage therapy in cancer of the bladder, 5:17**
- Surgery**
 adrenalectomy, total, oral operative procedures in presence of, 5:19
 biliary enteric fistula, 1:5
 duodenal ulcer, treatment of, 2:14
 esophageal hiatus hernia of diaphragm, 2:12
 eye diseases in Africa, 8:2
 fractures of proximal phalanges of fingers, 1:7
 malignant melanomas, combined surgical and radiotherapeutic approach, 12:19
 metastatic carcinoma of the neck, 9:15
 nonpenetrating injuries of abdomen, 3:18
 oral manifestations of leukemia, 12:11
 Osgood-Schlatter lesion, radiological and histological study, 11:3
 patella, recurrent dislocation of, 10:16
 succinylcholine in cardiovascular surgery, 1:15
 sympathectomy for Raynaud's phenomenon, follow-up studies, 5:10
- Surgical patients, excessive oozing in, 2:16**
- Survival, psychological aspects of, seven enemies of, (Aviation medicine), 12:30**
- Swayback syndrome, 9:17**
- TEAMWORK in treatment of Parkinson's disease, 4:2**
- Technical hygiene in occupational health, 1:23**
- Television system of observation, medical and dental, 4:16**
- Tetanus in the U.S., 3:3**
- Thumb and finger sucking, study of 2650 infants and children, 11:11**
- Thyroid, carcinoma of, 3:14**
- Toxicity of boron hydrides, 7:19**
- Traffic safety, Know-Obey Program (Signs of Life), 1:37**
- Training**
 Aero Medical Assn. meeting, 5:38, 8:38
 anesthesiology, 6:29
 atomic medicine, programs in, 5:28
 blood procurement, storage, and utilization for NC officers, 5:29
 certification by American Board of Obst. & Gynec., 8:18
 Class "A" School for hospital corpsmen, 6:35
 clinic administration, dental, correspondence course, (NavPers 10789), 11:31
